

<p>Item 1. Introduction</p>	<p>Palouse Capital Management, Inc. (“PCM”) is registered with the Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services and fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.</p>
<p>Item 2. Relationships and Services</p>	<p>What investment services and advice can you provide me? We offer investment management services to individuals, corporations, public and private pension plans, endowments, and foundations. Additionally, PCM provides sub-advisory services to the clients of unaffiliated broker-dealers. Our investment recommendations are based on the investment strategy selected by the client and may include individual stocks and bonds, mutual funds, and exchange traded funds (“ETFs”).</p> <p>Monitoring As part of our investment management services we monitor and advise on clients’ investment portfolios on an ongoing basis.</p> <p>Investment Authority Our clients grant us ongoing discretionary authority to manage their accounts, which means that we can buy and sell investments on behalf of our clients without seeking permission on a trade by trade basis.</p> <p>Account Minimums and Other Requirements We generally accept clients with a minimum of \$100,000 of investible assets in each account. Accounts below this minimum may be negotiable and accepted on an individual basis at PCM’s discretion.</p> <p>More detailed information about PCM’s services is available on Part 2 of our Form ADV, which is available at https://adviserinfo.sec.gov/firm/summary/104573.</p> <p><i>Conversation Starters to ask our financial professionals</i></p> <ul style="list-style-type: none"> • <i>Given my financial situation, should I choose an investment advisory service? Why or why not?</i> • <i>How will you choose investments to recommend to me?</i> • <i>What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?</i>
<p>Item 3. Fees, Costs, Conflicts, and Standard of Conduct</p>	<p>What fees will I pay? For investment management services, PCM charges clients a management fee that is based on assets under management. Investment management fees are negotiable and range between .4% and .85% annually, depending on the size and complexity of each client’s accounts. Fees are charged quarterly in advance and are based on the value of the account on the last business day of the preceding calendar quarter. Our firm’s fees generally increase as client accounts grow, so we have an incentive to encourage our clients to increase the amount of assets in the accounts that are under our management.</p> <p>Additional information about our firm’s fees are included in Item V of Part 2 of Form ADV, available at https://adviserinfo.sec.gov/firm/summary/104573.</p> <p>In addition to PCM’s investment management fee, clients may bear transaction fees when we buy or sell investments. Clients also pay fees to the broker-dealer that maintains each account (called “custody” fees). When our firm recommends a transaction in a mutual fund or exchange traded fund for a portion of a client’s portfolio, such investment vehicles pay their own management, transaction, and administrative fees and expenses. These fees and expenses are indirectly borne by the clients in those vehicles.</p>

	<p>You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.</p> <p style="text-align: center;"><i>Conversation Starter to ask our financial professionals</i></p> <ul style="list-style-type: none"> • <i>Help me understand how these fees and costs might affect my investments. How else does your firm make money and what conflicts of interest do you have?</p> <p><i>When we act as your investment adviser</i>, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide to you.
